

## **RPI-X@20 project – Regulating energy networks for the future: RPI-X@20 Emerging Thinking**

In our consultation documents, '*Emerging Thinking*', '*Third party right to challenge our final price control decisions*', and '*Embedding financeability in a new regulatory framework*', published in January 2010, Ofgem sought the views of interested parties to inform our final recommendations on the RPI-X@20 project.

We received non-confidential responses from 27 organisations as set out in the table below. These responses have been published on our website as associated documents to this list.

| <b>Name</b>  |
|--|
| AMP Capital  |
| Bury not Blight                                    |
| Campaign for National Parks                        |
| CC Water   |
| CE electric  |
| Central Networks                                   |
| Centrica   |
| CIWEM  |
| Consumer Focus                                     |
| EDF Energy   |
| Electricity North West                             |
| Energy Networks Association                        |
| GE   |
| Institute of Asset Management                      |
| Institute of Engineering and Technology            |
| National Grid                                      |
| Northern Gas Networks                              |
| Orkney Islands Council                             |
| Renewable Energy Association                       |
| RenewableUK  |
| RWE  |
| Scottish and Southern Energy & Scotia Gas Networks |
| Scottish Power                                     |
| Severn Trent                                       |
| Utilicom   |
| Wales and West Utilities                           |
| Wales Power Distribution                           |
