## Outline of the areas for discussion

- The criteria for determining the boundary
- Attendees' views on which of the options are potentially discriminatory, and whether such discrimination can be objectively justified
- Discussion of views on the illustrative boundary charging impacts
- A discussion on attendees' preferred options, with reasons

Please feel free to suggest other questions for discussion by emailing Chris Chow ([chris.chow@ofgem.gov.uk](mailto:chris.chow@ofgem.gov.uk)).
