

Dear Mister/ Misses,

On behalf of Thanet Energy Ltd (EDF Networks 132kV connected site) urge you to change the tariff structure of EDF Networks as soon as possible.

Further delays in changing the tariff structure are for all parties involved no good and keep companies like ours in a uncertain position which is no good.

I trust and hope that you will do your ad most to achieve this point.

Thanks in advance for your efforts.

Vriendelijke Groet/ Kind Regards

Robert Kielstra

Thanet Energy Ltd
