BEST PRACTICE FROM PREVIOUS SCHEMES		
Please indicate which of the following best practice examples from previous schemes your business does and what year they were first implemented. Space is provided for supporting commentary (maximum 250 characters per example) to explain how best practice has been implemented and achieved.	Initiative adopted (select from drop down list)	Year first implemented (Please fill)
Active participation in the community and environment, and establishing good links with other agencies/stakeholders	Yes	1990
We are actively involved with many community, health and safety, and education events e.g. 'Preparing for Winter' events, school visits and Parish Council meetings. All of these greatly benefit the communities and environment in which we operate.		
Good governance procedures and a strategic approach to CSR with active senior management involvement and commitment above and beyond reporting responsibilities	Yes	2003
We continue to comply with the ISO 14001 environmental standard and all business activities and processes are supported by our local Safety, Health and Environment (SHE) Plan 'owned' by our Finance Director. Our annual CSR Report also demonstrates our strategy and senior management support.		
A range of initiatives which are related to the business. Best practice examples include: <ul style="list-style-type: none"> • addressing potential skills shortages • mitigating environmental impacts • substation safety campaigns • initiatives to prevent doorstep crime 	Yes	1995
Many CN initiatives engage young people, fuelling enthusiasm for engineering. Our Safety, Health and Environment Plan helps staff mitigate environmental risk. We also do lots of work in schools and lead and support doorstep crime prevention partnerships and substation safety campaigns including our "There's no such thing as the Electricity Board campaign" and "Substation Watch".		
Inclusion of contractor performance within the company's CSR programme and active encouragement of staff involvement	Yes	1999
Contractors are included in our safety and environment plans and are regularly audited on all business aspects, from waste management to Guaranteed Standards. Staff take part in various community events and environmental awareness activities. Our ground-breaking visual awareness training for field workers, included all contractor staff working on our behalf.		
Partnership work with local organisations to provide training and development opportunities for disadvantaged young people.	Yes	2009
Our partnerships with Job Centre Plus and Energy and Utility Skills secured work placements for local, long-term unemployed individuals—providing them within a permanent role and training to further their career.
