

Corrigenda for EDF Trading Gas Storage Limited Notice of Revocation and Reasons for Revocation.

Publication date: 1st September 2010

Owing to an administrative oversight while issuing a Notice of Revocation and Reasons for Revocation to EDF Trading Gas Storage Limited (company registered number 02850057), a typographical error was produced and published on the Ofgem website.

The above was a statement declaring the licenses granted date, which read "2010" rather than "2001" and can be seen in paragraph A of the Notice of Revocation and also in the first paragraph of the Reasons for Revocation.

However this revocation is still considered as legally binding and will be effective as of the 1st October 2010.
