Date: 20 October 2010

Dear All,

Project TransmiT - Stakeholder Event

Ofgem will be holding an open event to discuss the key transmission charging and associated connection issues that you think are relevant to Project TransmiT. The event will be held on **Thursday, 11 November from 2pm to 4.30pm** at the Management Development Centre, Conference Aston, Aston Triangle, Birmingham, B4 7ET.

The event will build on the information provided in our Call for Evidence consultation¹, which closes on 17 November 2010. More importantly though, it is an opportunity for us to hear your views on what we need to consider as we deliver Project TransmiT.

To support this, the day will include a short introductory session on the current transmission charging and connection regimes followed by round table discussions and an open Q&A session. We will shortly publish a draft agenda and outline for the day on our website.

Anyone interested in attending the event should email Project.TransmiT@ofgem.gov.uk by **Tuesday, 2 November**.

Your role as a stakeholder is vital and we are committed to providing opportunities for you to join in and make your voice heard.

I look forward to seeing and hearing from you on the 11th of November.

Hannah Nixon
Partner, Transmission
