Dear Stuart,

RE: Notice under Section 23 (3) Gas Act 1986 re Proposed amendment to Special Conditions C8A and C8C3 (b) of National Grid Gas plc's National Transmission System (NTS) Transporter licence

E.ON fully supports Ofgem's proposals to amend the Transporter licence of National Grid NTS as described in this Section 23 notice.

We do not consider that it would be appropriate to wait until the next Transmission Price Control in order to resolve the current problems. The present situation in respect of the Fleetwood NTS Entry point is wholly untenable and represents a real, but avoidable cost to consumers.

If you wish to discuss this response in any more detail, please do not hesitate to contact me on T: 02476 181421

Yours sincerely,

Richard Fairholme (by email)
