**Notice Under Section 23 (3) Gas Act 1986 re Proposed amendment to Special Conditions C8A and C8C3(b) of National Grid Gas plc's National Transmission System (NTS) Transporter licence  
November 2010**

Dear Stuart,

Thank you for the opportunity to comment on the proposed changes to the existing gas transportation licence. This response is provided on behalf of the RWE group of companies, including RWE Npower plc and RWE Supply and Trading GmbH.

We agree that the amendments to Special Conditions C8A and C8C3(b) of National Grid Gas's National Transmission System (NTS) Transporter licence, which allow the Income Adjusting Events provision to operate as intended at the last price control, should be made. We also agree that limiting the changes to those set out in the Section 23 Notice should not affect the licensee's risk profile.

Please do not hesitate to contact me if you wish to discuss this response further.

Yours sincerely,

By email so unsigned
