Dear *Brian*

**RE: LCNF - The Northern Isles New Energy Solutions Project**

By signature of this letter both parties confirm Scottish Hydro Electric Transmission Ltds role as a partner to Scottish Hydro Electric Power Distributions bid to secure funding from the Low Carbon Network fund for the Northern Isles New Energy Solutions (NINES) project.

It was agreed that there is relevant learning and application from the proposed Shetland Project to the mainland north of Scotland system.

Both parties agree to share information and provide the necessary resources to developing the understanding and knowledge gained in the NINES project in relation to the GB system. It was further agreed that both parties would provide the resources to achieve the aims of the project at their own expense.

Alan Broadbent  
Engineering Manager  
Scottish Hydro Electric Power Distribution

Brian Punton  
Transmission Planning Manager  
Scottish Hydro Electric Transmission Ltd
