<b>Question:</b>	SSE003 Project Costs
------------------	----------------------

<b>Answer:</b>	<p>Please find attached spreadsheet which outlines our external funding for the project.</p> <p>We have identified a significant level of external funding for the project, whilst we, our collaborators and other funders are confident that this can be secured, it should be recognised that elements of the funding are still subject to formal negotiation and contract.</p> <p>The bulk of our external funding is “in kind” where companies and organisations will take on some of the work on our behalf e.g. TV Chamber of Commerce organising and running our communication events.</p> <p>If we are these are unsuccessful securing the funding, we will look to secure alternative funding sources or with Ofgem's agreement alter the scale of the project.</p> <p>In addition SEPD are still actively working to identify further funding sources</p>
