Dear Bimbola

Gas Distribution Licence Review: Phase 1 – Proposals for restructuring the Gas Transporters Licence

RWE npower welcomes the opportunity to comment on these proposals. This response is provided on behalf of the RWE group of companies, including RWE Npower plc, RWE Supply and Trading GmbH and RWE Npower Renewables Limited, a fully owned subsidiary of RWE Innogy GmbH.

Our preferred scenario is Option 3: Transfer all Standard Conditions and relevant Standard Special Conditions in Part A that would clearly benefit from separation into the relevant NTS and GDN (Part B and D respectively) of Part IV of the licence. We agree with Ofgem's view that it is a more rational and proportional approach and believe it may be easier to implement.

Many thanks.
