Dear Anthony,

Re: Transmit – Consultation on the issue of timely connection to the electricity transmission network

Thank you for the opportunity to respond to Ofgem's consultation on timely connections.

A key element of this consultation is incentive arrangements, the output of which will be fed into RIIO-T1. We agree that timely connections are an important topic both in terms of incentives and outputs.

As this subject matter is covered in detail in Ofgem's RIIO-T1 strategy consultation (responses due 4 February 2011), we will include our views on timely electricity transmission connections in our RIIO-T1 response.

In the meantime, if you have any questions, please do not hesitate to contact me on 07789 579169 or at Ricky.Hill@centrica.com.

Kind regards,

Ricky Hill
