

Status of modification proposals to CE Electric UK's use of system and connection charging methodology statements

DNO¹	DNO Ref.	Methodology affected	Date submitted	Summary of DNO Proposed Modification Report	Ofgem Consultation²	Conclusion³	Proposed date change effective
CE	Mod 2006/0001	Use of system	20/07/06	Clarification of the EHV asset valuation for dedicated assets	N	Vetoed	N/A
	Mod 2006/0001	Use of system	19/06/06	Clarification of the EHV asset valuation and OR&M calculation for dedicated assets	N/A - withdrawn	N/A - withdrawn	N/A - withdrawn
	Mod 2006/0003	Use of system	30/10/06	Clarification of treatment of EHV	N	Vetoed	N/A
	Mod 2006/0004	Use of system	30/10/06	Revised contractual arrangements	N	Not Vetoed	01/04/07
	Mod 2006/0005	Use of system	30/10/06	Revised EHV migration	N	Not Vetoed	01/04/07
	Mod 2006/0006	Connection	27/11/06	Extension of Contestability	N	Not Vetoed	01/01/07
	Mod 2007/0007	Use of system	27/04/07	Revised wording to reflect the allocation of operating costs to the Unmetered supplies customer group	N	Not Vetoed	01/07/07
	Mod 2007/0008	Connection	13/03/08	Housekeeping	N	Not Vetoed	01/04/08
	Mod 2007/0009	Connection	13/03/08	Live jointing	N	Not Vetoed	01/04/08
	Mod 2008/0010	Connection	18/06/08	Apportionment rule housekeeping	N	Not Vetoed	01/08/08
	Mod 2008/0011	Connection	18/06/08	Proposal to make the condition 13 statement clearer - One voltage level above the point of connection	N	Not Vetoed	01/08/08
	Mod 2008/0012	Connection	18/06/08	Initial contributor housekeeping	N	Not Vetoed	01/08/08
	Mod 0013N/2009	Use of system	13/07/09	New licensed embedded distribution network operator tariff section.	Open - 21 August 2009 - Closed 18 September 2008	Not Vetoed	01/04/09
	Mod 0013Y/2009	Use of system	13/07/09	New licensed embedded distribution network operator tariff section.	Open - 21 August 2009 - Closed 18 September 2009	Not Vetoed	01/04/09
	Mod 0015N/2009	Use of system	08/09/09	Changes to CE NEDL's EHV charging methodology in order to facilitate the introduction and of the Common Distribution Charging Methodology at HV and LV from 1 April 2010.	N/A - withdrawn	N/A - withdrawn	N/A - withdrawn
	Mod 0015Y/2009	Use of system	08/09/09	Changes to CE YEDL's EHV charging methodology in order to facilitate the introduction and of the Common Distribution Charging Methodology at HV and LV from 1 April 2010.	N/A - withdrawn	N/A - withdrawn	N/A - withdrawn
	Mod 0015N/2009	Use of system	26/01/10	Changes to CE NEDL's EHV charging methodology in order to facilitate the introduction and of the Common Distribution Charging Methodology at HV and LV from 1 April 2010.	N	Not Vetoed	01/04/2010
	Mod 0015Y/2009	Use of system	26/01/10	Changes to CE YEDL's EHV charging methodology in order to facilitate the introduction and of the Common Distribution Charging Methodology at HV and LV from 1 April 2010.	N	Not Vetoed	01/04/2010
	Mod 2010/01	Connection	20/05/10	Proposal to modify Connection Charging Methodology - adoption of Common Connection Charging Methodology	Y	Not Vetoed	01/10/2010
	0016/2010	Use of System	08/07/10	Proposals to modify UoS Methodology - New methodology for calculating EHV generation charges.	N	Withdrawn	01/10/2010

¹ by DNO group

² Ofgem consultation paper reference number and date consultation closes/closed is detailed

³ For clarity and simplicity the wording 'not vetoed' reflects 'approved' modifications
