#### **MINIMUM REQUIREMENTS**

<b>Please indicate by checking the appropriate boxes whether your company has met the minimum criteria for each reward.</b>	<b>Yes</b>	<b>No</b>
DNOs have a range of CSR programmes which are linked to their distribution businesses and result in benefits to their customers.		
DNOs' CSR programmes have been successfully incorporated into wider community programmes at local level through effective work with partners (where appropriate).		
CSR programmes are effectively reaching their target audience and performance is regularly monitored.		
CSR is recognised as an integral element of the culture and ethos of the DNO with senior management level reporting responsibility.		
DNOs seek feedback from customers, stakeholders, partners and staff regarding their CSR initiatives and their effectiveness. DNOs use this feedback to improve their CSR programmes and initiatives.		
DNOs' CSR initiatives and programmes take account of the material impact of the company on society and the environment, rather than impact of a particular project.		
DNOs' CSR initiatives are measured by performance indicators that quantify the impact of the initiative rather than the process itself (where the initiative relates to PSR populations the measurable impact should be linked to the data assessment highlighted under the Wider Communications minimum requirements).		

BEST PRACTICE FROM PREVIOUS SCHEMES		
Please indicate which of the following best practice examples from previous schemes your business does and what year they were first implemented. Space is provided for supporting commentary (maximum 250 characters per example) to explain how best practice has been implemented and achieved.
