THE RULES

1. Refer to the accompanying guidance notes for the 2010/11 Electricity Distribution Customer Service Reward.
2. Attach your application to this covering entry form.
3. Entry forms must be received at Ofgem by no later than **5pm on 29 April 2011**. Entry forms should be sent to dorothy.eke@ofgem.gov.uk electronically, with a hard copy sent to:
Dorothy Eke, Analyst, Ofgem, 9 Millbank, London SW1P 3GE.

MINIMUM REQUIREMENTS

Please indicate by checking the appropriate boxes whether your company has met the minimum criteria for each reward.	Yes	No
DNOs have a range of CSR programmes which are linked to their distribution businesses and result in benefits to their customers.	X	
DNOs' CSR programmes have been successfully incorporated into wider community programmes at local level through effective work with partners (where appropriate).	X	
CSR programmes are effectively reaching their target audience and performance is regularly monitored.	X	
CSR is recognised as an integral element of the culture and ethos of the DNO with senior management level reporting responsibility.	X	
DNOs seek feedback from customers, stakeholders, partners and staff regarding their CSR initiatives and their effectiveness. DNOs use this feedback to improve their CSR programmes and initiatives.	X	
DNOs' CSR initiatives and programmes take account of the material impact of the company on society and the environment, rather than impact of a particular project.	X	
DNOs' CSR initiatives are measured by performance indicators that quantify the impact of the initiative rather than the process itself (where the initiative relates to PSR populations the measurable impact should be linked to the data assessment highlighted under the Wider Communications minimum requirements).	X	

BEST PRACTICE FROM PREVIOUS SCHEMES		
Please indicate which of the following best practice examples from previous schemes your business does and what year they were first implemented. Space is provided for supporting commentary (maximum 250 characters per example) to explain how best practice has been implemented and achieved.	Initiative adopted (please tick Y/N)	Year first implemented (Please fill)
Active participation in the community and environment, and establishing good links with other agencies/stakeholders	Yes	2005
We have enduring relationships with community organisations that work to support our CSR programme. We have established a project with vulnerable young people and marginalized members of society that benefit the community and environment.		
Good governance procedures and a strategic approach to CSR with active senior management involvement and commitment above and beyond reporting responsibilities	Yes	2004
Our six guiding principles clearly define how we approach our responsibilities and they are demonstrated through the initiatives in our submission such as sustainability, safety and engaging our staff and our local communities.		
A range of initiatives which are material to the business. Best practice examples include: <ul style="list-style-type: none"> ▪ addressing potential skills shortages ▪ mitigating environmental impacts ▪ substation safety campaigns ▪ initiatives to prevent doorstep crime ▪ initiatives that address fuel poverty 	Yes	2005
Our initiatives include our apprenticeship programme and work with the National Skills Academy, our staff sustainability groups, our school's safety campaign, our customer password scheme and our environmental preparedness groups.		
Inclusion of contractor and company's staff engagement in CSR programmes in performance management procedures.	Yes	2005
Contractors are required to adhere to our environmental and quality standards and we have an awards programme to recognise excellent performance by our contractors within the fields of customer service and safety.		
Partnership work with local organizations providing development opportunities for disadvantaged populations	Yes	2010
Work with Community Energy Solutions (CES) to enable customers in fuel poverty to reduce their bills and carbon emissions by working with CES to achieve the most cost effective connection of air source heat pumps in areas without gas.		
DECLARATION AND CONSENT		
I declare that the information contained in this application is correct and true to the best of my knowledge and belief and I give consent for Ofgem to use the information and contact details provided when publishing the Best Practice Register.
