Dear Sheona

Minimum Transmission Capacity Requirements in the Security and Quality of Supply Standard

I am writing in response to the consultation paper issued on 12 August 2011.

SPT are represented on the over-arching SQSS Review Panel and have been involved in both the original work and the development of GSR009. We are supportive of the working group report and the approach taken.

Please contact me if there are any queries.

Yours sincerely

**Jeremy Blackford
