Project code:	WPDT2003	Question Number	25
Question date	03/11/2011	Answer date	10/11/2011
Submission section question relates to			
Topic	SDCR		
Question	<p>As permitted under the governance document (p44) we would like to suggest some changes to your successful delivery reward criteria:</p> <p>9.1 General: This is aimed at customer communication and attracting people to the project. Would you consider adding the actual recruitment of 30 domestic customers, ten schools and 1 office to this criterion. This reflects the aims set out in your proposal.</p> <p>9.1 Evidence: This includes providing Ofgem with a customer engagement plan 2 months prior to intended contact with customers. You are already required to do this under the governance document. Can you therefore remove this.</p> <p>9.4 Evidence: Can the report also include some study on losses from the battery?</p> <p>9.8 Criterion: Can the report also cover the losses from the battery and the costs of battery procurement for DNO and Customer versus the financial benefits?</p> <p>Can you please resubmit your SDRC bearing in mind these points?</p>		
Notes on question			

Answer	<p>As requested, we have revised successful delivery reward criteria including the suggested changes.</p> <p>The assessments for customers' opinion before and during the trial in Criterion 9.6 have been changed to 30th June 2012 and 30th June 2013 respectively, bringing the assessments into line with the project plan.</p>
