| Question | How will RWE npower be contracted into the project via the University of Bath? | | |
| Notes on question | | | |
| Answer | <p>The University of Bath and RWE npower have established working arrangements. The organisations collaborate on a project by project basis, each with suitable commercial arrangements. There will not be a specific contract between the project and npower, a confidentially agreement will be formed regarding the project. RWE npower's contribution to the project will be time in kind in return for learning generated by the project.</p> <p>The variable tariffs will be developed by the University of Bath with input from npower.</p> | | |
