Project code:	WPDT2003	Question Number	12
Question date	13/09/11	Answer date	20/09/11
Submission section question relates to	Appendix D		
Topic	Project management		
Question	How does the Steering Committee align with the oraganogram which you've provided?		
Notes on question			
Answer	<p>Western Power Distribution does not use the term Steering Committee. However, we are forming a Future Networks Programme Board. This will govern all Future Network projects. The WPD Future Networks manager is accountable to the Future Networks Programme Board.</p> <p>BRISTOL will also have a Project Forum. This will be positioned in between the Low Carbon Networks Programme manager and the BRISTOL project manager; this will include Siemens Smart Grids Division Lead and key stakeholders from the University of Bath, Bristol City Council and other members from the energy industry.</p> <p>A modified Organogram (V2) has been attached below.</p>
