Project code:	WPDT2003	Question Number	13
Question date	13/09/11	Answer date	20/09/11
Submission section question relates to	page 22		
Topic	Smart Meters		
Question	Please will you comment on any interactions or interdependencies between smart meters which will be rolled-out in the national programme and the Method being trialled in this Project?		
Notes on question			
Answer	<p>The LCNF BRISTOL trial is fully independent of the smart metering rollout. Any customer taking part in the BRISTOL trial will be able to switch to a smart meter if so offered by an Energy Retailer.</p> <p>The LV Connection Manager has many features that could be simplified if integrated with smart meters.</p>
