Project code:	ENWLT2003	Question Number	20
Question date	6 September 2011	Answer date	13 September 2011
Submission section question relates to	6		
Topic	Project Readiness		
Question	Are there other members of ENWL's Executive on the Project Steering Group		
Notes on question	n/a		
Answer	<p>The oversight of all innovation projects within Electricity North West (both IFI and LCN Fund projects) is provided by Electricity North West's Future Networks Steering Group. There are three ENWL Executive directors on the Future Networks Steering Group: the Network Strategy Director, the Customer Strategy & Regulation Director and the Operations Director. Current members of the Future Networks Steering Group will sit on the C₂C's Project Steering Group, so there will be three members of ENWL's Executive on the Project Steering Group.</p> <p>This answer should be read in conjunction with answer A21_ENWLT2003.</p>		
Attachments	None.		
Verbal Clarifications (Consultants)	None.
