Project code:	WPDT2002	Question Number	10
Question date	13th September 2011	Answer date	20 th September 2011
Submission section question relates to	Appendix C		
Topic	Safety		
Question	We note that the SIM will assess how the proposed interventions meet safety criteria, but can you also indicate if there are any safety considerations in the trial deployment of the intervention techniques on this Project?		
Notes on question			
Answer	The practical deployment of the proposed trial equipment will follow WPD's existing safety policies and procedures, with the core documents being ESQCR:2002 and the Power Systems Operations Manual. Full risk assessments and method statements will be undertaken for all on-site equipment installation.
