|--|---|-----------------|---------------------------------|
| Project code:                          | WPDT2002  | Question Number | 16                              |
| Question date                          | 13th September 2011   | Answer date     | 20 <sup>th</sup> September 2011 |
| Submission section question relates to | Section 8   |                 |                                 |
| Topic                                  | Customer impacts  |                 |                                 |
| Question                               | How will you manage the connection offer process for new connectees who may be able to receive a reduced connection charge as a result of some of the interventions being trialled?   |                 |                                 |
| Notes on question                      |   |                 |                                 |
| Answer                                 | <p>The connection offers made to new connectees will be made without the visibility of the FALCON project, this is to say that the new connections will be designed and charged on the traditional reinforcement network methodology.</p> <p>The incentive payments for DG and DSM participation in the trial will be formed from stand alone arrangements not connected to the network connection offer.</p> |                 |                                 |
| Attachments                            |   |                 |                                 |
