

## Electricity Connections Steering Group and sub-group meeting schedules 2012

### ECSG

|                        |             |
|------------------------|-------------|
| Wednesday 8 February   | 10:30-16:00 |
| Wednesday 13 June      | 10:30-16:00 |
| Wednesday 12 September | 10:30-16:00 |
| Wednesday 28 November  | 10:30-16:00 |

### Point of Connection Sub-Group

This group seeks to remove barriers to competition associated with determining of the point where the Independent Connections Provider (ICP) wishes to make a connection. The purpose of the group has been to establish trials, allow for dialogue between ICPs and DNOs and consideration of the benefits and perceived challenges associated with opening this activity to competition

|                      |             |
|----------------------|-------------|
| Wednesday 11 January | 14:00-16:00 |
| Wednesday 7 March    | 14:00-16:00 |
| Wednesday 25 April   | 14:00-16:00 |
| Wednesday 6 June     | 14:00-16:00 |

### Extension of Contestability Sub-Group

Following the work undertaken by the Extension of Contestability sub-group in 2011, on 12 December 2011 we published a consultation seeking interested parties views on the principle of extending the scope of contestability in electricity to jointing to existing mains and associated operational activity. We will consider whether further meetings of the sub-group are required once we have received responses to that consultation.
