Dear Neil

Consultation on a proposed request for derogation under Standard Licence Condition 24 of the Electricity Distribution Licence

Thank you for progressing our need to seek a derogation from P2/6 for the purposes of our Capacity 2 Customers (C₂C) proposed trial.

We have reviewed the consultation paper you published on 19 August 2011, and we believe that it captures all the essential points that need consideration. As such we have no comment on the consultation, save to say that nothing has changed in our view of the need for the derogation as you have described in the consultation to allow the C₂C project to go ahead.

Please do not hesitate to contact us if we can provide any other useful information.

Yours sincerely,
