

# **Gas SCR – Proposed Final Decision**

## **Proposed licence drafting**

7 September 2012

## Shipper licence

- Pass through of payments
  - DSR payments received from NG should be passed on to relevant supplier
- Pass through of information
  - “Proof” that site has stopped consuming gas in firm load shedding
  - Information on commercially interruptible contracts

## Supply licence

- Suppliers obliged include term in all contracts with commercially firm customers setting out entitlement to DSR payments in the event of firm load shedding
- Supplier obliged to notify customers who are due to receive DSR payment and must pass on payment when receive it from shipper
- If customer provides “proof” they ceased consuming gas, then supplier must pass this to relevant shipper
- Supplier obliged to notify shippers of commercially interruptible contracts they sign, and include payment terms for these customers in the event of firm load shedding
  - Incorporates provision for partially interruptible contracts

Promoting choice and value  
for all gas and electricity customers
