Project code:	SPD2004	Question Number	SPD005
Question date	23/08/2012	Answer date	30/08/2012
Submission section question relates to	4		
Topic	Evaluation Criteria		
Question	Are project partners permitted to bid to provide products and services to the project through the competitive bidding process?		
Notes on question			
Answer	<p>The scope of work for all three project partners has been defined which was the basis for the development of the project budget. Any services or products outwith this scope will be procured on a competitive basis or using existing framework contracts which we already have in place to ensure best value for money is achieved. Project partners will be eligible to bid for this work however this will be competitively along with any other interested party.</p>
