***Re: Notice under section 11A(2) of the Electricity Act 1989 and section 23(2) of the Gas Act 1986: Consultation on proposed licence modifications to the licence fee payment conditions in all gas and electricity licences and other consequential changes.***

Dear Mr Heseltine,

BGE(UK) Limited is pleased to have the opportunity to respond to Ofgem's consultation. BGE(UK) Limited holds a gas interconnector licence for the operation of IC 1 and IC 2, the gas interconnectors between GB and Ireland.

BGE(UK) Limited has no objection to the proposed licence modification relating to the Removal of References to the Competition Commission as outlined in the above notice.

BGE(UK) Limited has no comment regarding the other proposed changes as outlined in the notice, as we feel these changes are not relevant to a Gas Interconnector licence holder.

Yours sincerely
