

To: All holders of an electricity generation licence

**Electricity Act 1989
Section 11A(1)(b)**

MODIFICATION OF THE STANDARD CONDITIONS OF ELECTRICITY GENERATION LICENCES GRANTED UNDER SECTION 6(1)(a) OF THE ELECTRICITY ACT 1989

Whereas –

1. Each of the companies to whom this document is addressed (a "Licence Holder") has been granted a licence ("a Licence") under section 6(1)(a) of the Electricity Act 1989 ("the Act") to generate electricity subject to the conditions contained in its Licence.

2. In accordance with section 11A(2) of the Act the Gas and Electricity Markets Authority ("the Authority") gave notice on 20 December 2012 ("the Notice") that it proposed to make modifications to Standard Condition 4 (Payments by the Licensee to the Authority) of the Licence and by requiring any representations to the modification to be made on or before 23 January 2013.

3. In accordance with section 11A(4)(b) of the Act, the Authority gave such notice of its intention to make the modifications to the Secretary of State and has not received a direction not to make the modification.

4. Prior to the close of the consultation period in respect of the Notice, the Authority received one response. All non-confidential responses have been placed on the Ofgem website.

5. The Authority has carefully considered in relation to the proposed modification all representations received.

6. In accordance with section 49A of the Act the Authority gives the following reasons for making the licence modifications:

- i. to remove any obsolete references relating to the payment to the Authority of the costs incurred by the Competition Commission in connection with any reference made to it.

7. The effect of the modifications will be to:

- i. remove paragraphs 1 to 5 of Standard Condition 4. The words "Not used" will be inserted under the Standard Condition 4 heading (Payments by the Licensee to the Authority).

8. Where an application for permission to appeal the Authority's decision is made to the Competition Commission under section 11C of the Act, Rule 5.7 of the Competition Commission's Energy Licence Modification Appeals Rules requires that the appellant must send to any relevant licence holders who are not parties to the appeal a non-confidential notice setting out the matters required in Rule 5.2. The attached Schedule 1 provides a list of the relevant licence holders in relation to this modification direction. The meaning of 'relevant licence holder' is set out in section 11A(10) of the Act.

Now therefore

In accordance with the powers contained in section 11A(1)(b) of the Act, the Authority hereby modifies the standard licence conditions for all electricity generation licences in the manner specified in the attached Schedule 2. This decision will take effect on and from 3 April 2013.

This document constitutes notice of the reasons for the decision to modify the electricity generation licences as required by section 49A of the Act.
