22B.25 This paragraph applies where:

- (a) on an occasional basis a Domestic Customer expressly requests information about the monetary amount to be presented in a form which is not pounds sterling per year or pence per kWh; or

Additional rules for Discounts, Bundled Products etc being of the same monetary amount throughout Great Britain

22B.26 Where paragraph 22B.27 applies, the licensee must use a methodology which is clear and easy to understand.

Exception to Continuously Applied rule for Bundled Products which constitute a Discount and Reward Points Discounts

22B.28 The licensee may provide Bundled Products which constitute a Discount and Reward Points Discounts (the "Relevant Product") if all of the following requirements are satisfied:

- (b) where the Domestic Customer terminates their Domestic Supply Contract:
 - (i) the Domestic Customer is not required to pay back or otherwise return a Relevant Product which has already been received; and
 - (ii) the Domestic Customer will receive a Compensation Payment in respect of any Relevant Product (excluding any Bundled Product which involves a service of an enduring nature) which they would otherwise have been entitled to receive at a future date.

Exception for Discounts required by licence conditions or legislation

22B.29 The licensee is not prohibited from providing (but is otherwise subject to the requirements of standard condition 22B) a particular Discount (including a Bundled Product which constitutes a Discount) where that particular Discount is expressly required by any licence condition or legislation.

Requirement for Tariffs to be available to new and existing Domestic Customers

22B.30 Subject to paragraph 22B.31, the licensee must ensure that all its Tariffs are available to, and are capable of being entered into by, both new and existing Domestic Customers.

22B.31 Paragraph 22B.30 does not apply to:

- (c) a Dead Tariff which complies with standard condition 22D; and

Responsibility for Representatives

22B.32 Where, by virtue of this condition, the licensee is prohibited from using a Discount, Bundled Product or Reward Points Discount ("the Prohibited Items"), the licensee must take all reasonable steps to ensure that any Representative does not provide a Domestic Customer with any of the Prohibited Items.

Terms of Domestic Supply Contracts and Deemed Contracts

22B.33 The licensee must ensure that the terms and conditions of each Domestic Supply Contract and Deemed Contract comply with the provisions of standard condition 22B (including, where applicable, provisions inserted by virtue of standard condition 31D (Temporary provisions for White Label Tariffs)).

22C.34 The licensee must ensure that each Domestic Supply Contract and Deemed Contract contains terms and conditions which reflect the effect of:

(a) sub-paragraph 22B.28(b) of standard condition 22B; and

22B.35 The licensee must not enforce or take advantage of any term of a Domestic Supply Contract or Deemed Contract if:

(a) the inclusion of that term is incompatible with standard condition 22B (including, where applicable, provisions inserted by virtue of standard condition 31D (Temporary provisions for White Label Tariffs)); or

(b) the enforcement or the taking advantage of that term would be so incompatible.

Exception to compliance with condition

22B.36 The licensee is not required to comply with standard condition 22B to such extent and subject to such conditions as the Authority may from time to time direct.

Guidance

22B.37 The licensee must have regard to any guidance on standard condition 22B (including in respect of definitions which appear in standard condition 1) which, following consultation (which may be conducted before this condition takes effect), the Authority may issue and may from time to time revise (following further consultation).

Definitions for condition

22B.38 In this condition:

“Collective Switching Scheme” means a scheme which the licensee is satisfied on the basis of the available evidence has:

(a) the primary purpose of seeking offers from more than one Electricity Supplier for Tariffs, with a view to ensuring that at least one of those offers is likely to result in a bulk number of Domestic Customers transferring to that Tariff; and

(b) a process which has all of the following characteristics:

(i) is organised and operated from time to time by a person that is not the licensee or an Affiliate;

(ii) is competitive and transparent, including by:

(1) having participation rules for Electricity Suppliers that are clear, well publicised and otherwise available to any interested party at a reasonable period of time before the process begins;

(2) is open to all Electricity Suppliers which are able to supply Domestic Customers to participate in;

(3) having participation criteria for Domestic Customers or particular groups of Domestic Customers which are well publicised at a reasonable period of time before the process begins and clear and easy to understand; and

(iii) a clearly defined start date; and

(iv) a clearly defined end date:

(1) by which Domestic Customers which have satisfied the participation criteria and which wish to enter into a new Domestic Supply Contract, must ultimately have entered into a Domestic Supply Contract for a Tariff offered by a participating licensee; and

(2) which is not longer than 6 months from the start date.

6. Insertion of new standard condition 22C

The text set out below in red constitutes the envisaged drafting in respect of the proposed insertion of condition 22C in the standard conditions of the electricity supply licence:

Standard condition 22C. Fixed Term Supply Contracts

22C.1 Without prejudice to any Evergreen Supply Contract or Deemed Contract, the licensee and any Representative must only supply or offer to supply a Domestic Customer on the basis of a Fixed Term Supply Contract which complies with standard condition 22C.

Prohibition on further fixed term periods

22C.2 Without prejudice to paragraphs 22C.5, 22C.7 and 22C.8 of standard condition 22C and paragraph 24.9 of standard condition 24 (Continuation of Fixed Term Supply Contract Terms for interim period), the licensee must not extend in any way the duration of any fixed term period that applies to a Fixed Term Supply Contract.

Renewal of Fixed Term Supply Contracts

22C.3 The licensee must prepare a statement (hereafter referred to as an "SLC 22C Statement of Renewal Terms") which:

- (a) is set out in Writing;
- (b) contains a prominent title which clearly informs the Domestic Customer that the fixed term period of their existing Fixed Term Supply Contract is due to end and they need to consider their options;

 - (iii) information about where the Domestic Customer may obtain impartial advice and information about changing their Electricity Supplier;
 - (iv) a statement explaining that if the Domestic Customer does not change supplier or does not expressly agree a new Evergreen Supply Contract, a new Fixed Term Supply Contract or a further fixed term period for a Fixed Term Supply Contract by the date the fixed term period of the existing Fixed Term Supply Contract is due to end, the Domestic Customer will become subject to the Relevant Cheapest Evergreen Tariff;
 - (v) a statement explaining that the following information is provided in a separate part of the SLC 22C Statement of Renewal Terms:

- (1) the Principal Terms that currently apply to the Domestic Customer;
- (2) the Principal Terms that would apply if the Domestic Customer becomes subject to the Relevant Cheapest Evergreen Tariff by virtue of paragraph 22C.7; and
- (3) where a Notice is also being provided to the Domestic Customer pursuant to sub-paragraph 22C.5(a) below, the Principal Terms that would apply if the Domestic Customer agrees a further fixed term period for an existing Fixed Term Supply Contract;
- (vi) information about how and when the Domestic Customer may terminate their Fixed Term Supply Contract without being charged a Termination Fee and a statement explaining the effect of paragraphs 24.8 to 24.12 of standard condition 24;

- (ix) the Exact Tariff Name of the Domestic Customer's Alternative Cheapest Tariff and the Domestic Customer's Estimated Annual Savings based on the premise that the Domestic Customer is now subject to the Relevant Cheapest Evergreen Tariff; and
- (d) contains a separate part which provides the following information in a form which is easily comparable and clearly illustrates the main differences in the Principal Terms:
 - (i) the Principal Terms that currently apply to the Domestic Customer;
 - (ii) the Principal Terms that would apply if the Domestic Customer becomes subject to the Relevant Cheapest Evergreen Tariff by virtue of paragraph 22C.7; and,
 - (iii) where a Notice is also being provided to the Domestic Customer pursuant to SLC 22C.5(a) below, the Principal Terms that would apply if the Domestic Customer agrees a further fixed term period for an existing Fixed Term Supply Contract;
- (e) contains a separate part which, in accordance with paragraph 31E.8 of standard condition 31E (Provision of Tariff Information Label and Estimated Annual Costs at the same time as Principal Terms), contains the Tariff Information Label for each set of Principal Terms provided pursuant to sub-paragraph 22C.3(d); and
- (f) contains a separate part which, in accordance with paragraph 31E.8 of standard condition 31E (Provision of Tariff Information Label and Estimated Annual Costs at the same time as Principal Terms), contains the Domestic Customer's Estimated Annual Costs for each set of Principal Terms provided pursuant to sub-paragraphs 22C.3(d)(i) and (iii) (but not the Domestic Customer's Estimated Annual Costs for the set of Principal Terms provided pursuant to sub-paragraph 22C.3(d)(ii), which must already be provided in accordance with sub-paragraph 22C.3(c)(vii)).

22C.4 The licensee must:

(a) provide a Domestic Customer with a copy of the SLC 22C Statement of Renewal Terms which complies with paragraph 22C.3 no earlier than 49 days and no later than 42 days before the fixed term period of their Fixed Term Supply Contract is due to end; and

(b) with the exception of the Notice described in paragraph 22C.5, ensure that the SLC 22C Statement of Renewal Terms is separate from any other document (including, but not limited to, a Bill or statement of account) and is provided to the Domestic Customer separately from any other document (including, but not limited to, a Bill, statement of account or marketing material).

22C.5 In relation to any Fixed Term Supply Contract, the licensee may only extend the duration of that Contract for a further fixed term period (with or without any changes to other terms and conditions, including the Charges for the Supply of Electricity) if:

(a) no earlier than 49 days and no later than 42 days before the fixed term period of an existing Fixed Term Supply Contract is due to end, the licensee has given the Domestic Customer a copy of the SLC 22C Statement of Renewal Terms which complies with paragraph 22C.3 and which incorporates a Notice which:

(i) with the exception of the SLC 22C Statement of Renewal Terms, is not to be provided in conjunction with, or contain, any other information, including (but not limited to) a Bill, statement of account or marketing material;

(ii) informs the Domestic Customer that the licensee is seeking the Domestic Customer's express agreement in Writing to a further fixed term period with or without proposed changes to other terms and conditions (including the Charges for the Supply of Electricity);

(iv) informs the Domestic Customer they are under no obligation to agree to the proposed further fixed term period or any proposed changes to other terms and conditions (including the Charges for the Supply of Electricity); and

(v) without prejudice to SLC 22 Supplier and Customer Information and the SLC 22C Statement of Renewal Terms, does not include any other information.

(b) the Domestic Customer has expressly agreed in Writing to the proposed further fixed term period and, where applicable, any proposed changes to other terms and conditions (including the Charges for the Supply of Electricity) in response to the Notice given by the licensee in accordance with sub-paragraph 22C.5(a);

(c) the duration of the further fixed term period is no longer than the duration of the fixed term period that currently applies to the existing Fixed Term Supply Contract; and

(d) by virtue of the extended duration of the further fixed term period and any changes to other terms and conditions (including the Charges for the Supply of Electricity), the Fixed Term Supply Contract becomes identical to a Tariff which is a Live Fixed Term Tariff.

Prohibition on termination fees for non compliance

22C.6 Where the licensee fails to comply with paragraphs 22C.2 to 22C.5 and extends the duration of an existing Fixed Term Supply Contract for a further fixed term period, the licensee may not charge or otherwise seek to enforce a Termination Fee in respect of that Domestic Supply Contract.

Continued supply after a fixed term period ends

22C.7 Where a Domestic Customer does not change supplier or does not expressly agree a new Evergreen Supply Contract, a new Fixed Term Supply Contract or a further fixed term period for a Fixed Term Supply Contract by the date the fixed term period of an existing Fixed Term Supply Contract is due to end, the licensee must ensure that the terms of the Fixed Term Supply Contract provide that the Domestic Customer will become subject to the Relevant Cheapest Evergreen Tariff.

22C.8 Without prejudice to paragraph 22C.2 of this condition and paragraph 24.9 of standard condition 24, if at the end of any fixed term period the licensee continues to supply a Domestic Customer, it must do so on the basis of:

- (a) the Relevant Cheapest Evergreen Tariff which is provided for by the terms of the Fixed Term Supply Contract in accordance with paragraph 22C.7;
- (b) a new Evergreen Supply Contract which has been entered into with the express agreement of the Domestic Customer;
- (c) a new Fixed Term Supply Contract which has been entered into with the express agreement of the Domestic Customer and which complies with standard condition 22C; or
- (d) a further fixed term period in relation to an existing Fixed Term Supply Contract in circumstances where that Fixed Term Supply Contract and that further fixed term period complies with standard condition 22C.

Prohibition on increasing the Charges for the Supply of Electricity and other adverse unilateral variations

22C.9 Without prejudice to paragraph 22C.5, in relation to any Fixed Term Supply Contract, the licensee must not:

- (a) increase the Charges for the Supply of Electricity (including, but not limited to, by making any reduction in the amount of a Discount that is directly applied to a Unit Rate or Standing Charge); or
- (b) unilaterally vary any other terms and conditions in any way which is to the disadvantage of a Domestic Customer.

Exception to compliance with condition

22C.10 The licensee is not required to comply with standard condition 22C to such extent and subject to such conditions as the Authority may from time to time direct.

22C.11 In respect of an increase in Charges for the Supply of Electricity, the licensee is not required to comply with paragraph 22C.9 if:

- (a) all of the following requirements are satisfied:

(i) the Domestic Supply Contract provides that variations to the Charges for the Supply of Electricity will occur automatically only in a manner which is fully linked to fluctuations in a published and transparent stock exchange quotation or index or a financial market rate that the licensee does not control; and

(ii) the licensee has complied with paragraph 23.1 of standard condition 23; and

(iii) the method by which the Charges for the Supply of Electricity fluctuate automatically is set out in the Domestic Supply Contract in a prominent position in plain and intelligible language; or

(b) all of the following requirements are satisfied:

(i) the Domestic Supply Contract expressly sets out in advance the precise variation or variations to the Charges for the Supply of Electricity which are scheduled to occur automatically by a precise amount (or precise amounts) and on a precise date (or precise dates) which is not subject to the licensee's discretion; and

(ii) the licensee has complied with paragraph 23.1 of standard condition 23; and

(iii) the precise variations to the Charges for the Supply of Electricity are set out in the Domestic Supply Contract in a prominent position and in plain and intelligible language.

Guidance

22C.12 The licensee must have regard to any guidance on Relevant Matters for SLC 22C which, following consultation (which may be conducted before this condition takes effect), the Authority may issue and may from time to time revise (following further consultation).

Terms of Fixed Term Supply Contracts

22C.13 The licensee must ensure that the terms and conditions of each Fixed Term Supply Contract comply with the provisions of standard condition 22C (including, where applicable, provisions inserted in standard condition 22C by virtue of standard condition 22CA(transitional provisions for standard condition 22C covering end of fixed term notices and rollovers)).

22C.13A The licensee must ensure that each Fixed Term Supply Contract contains terms and conditions which reflect the effect of:

(b) paragraph 22C.2;

(c) sub-paragraph 22C.4(a);

(d) paragraph 22C.5 (excluding sub-paragraphs 22C.5(a)(i), 22C.5(a)(v), and 22C.5(d);

(e) paragraph 22C.6;

(f) paragraph 22C.7;

- (g) paragraph 22C.9;
- (h) any other requirement of standard condition 22C (including, where applicable, provisions inserted in standard condition 22C by virtue of standard condition 22CA(transitional provisions for standard condition 22C covering end of fixed term notices and rollovers)) which could reasonably be considered as:
 - (i) giving a particular Domestic Customer a right to receive or do something in any circumstances;
 - (ii) giving a particular Domestic Customer a right to avoid being subject to something in any circumstances; and
 - (iii) providing for a specific form of protection for a particular Domestic Customer in any circumstances; and
- (f) any provisions of standard condition 22C specified in directions, which following consultation, the Authority may issue and may from time to time revise (following further consultation).

22C.14 The licensee must not enforce or take advantage of any term of a Fixed Term Supply Contract if:

- (a) the inclusion of that term is incompatible with standard condition 22C (including, where applicable, provisions inserted in standard condition 22C by virtue of standard condition 22CA (transitional provisions for standard condition 22C covering end of fixed term notices and rollovers)); or
- (b) the enforcement or the taking advantage of that term would be so incompatible.

Treatment of Fixed Term Supply Contracts with changes to terms precisely set out in advance

22C.15 Without prejudice to paragraphs 22C.2 and 22C.5, where, in accordance with sub-paragraph 22C.11(b), a Fixed Term Supply Contract expressly sets out in advance the precise variation or variations to the Charges for the Supply of Electricity which are scheduled to occur automatically by a precise amount (or precise amounts) and on a precise date (or precise dates) which is not subject to the licensee's discretion, the references to "fixed term period" in paragraphs 22C.3 to 22C.5, 22C.7 and 22C.8 of standard condition 22C are to be read as a reference to the last fixed term period that applies to the Fixed Term Supply Contract.

7. Insertion of new standard condition 22CA

The text set out below in red constitutes the envisaged drafting in respect of the proposed insertion of condition 22CA in the standard conditions of the electricity supply licence:

Standard condition 22CA. transitional provisions for standard condition 22C covering end of fixed term notices and rollovers

22CA.1 Until the Specified Date paragraph 22C.3 of standard condition 22C is replaced with:

22C.3 Where paragraph 22C.3A applies, the licensee must:

- (a) take all reasonable steps to provide the Domestic Customer with a Notice in advance of the date the fixed term period of their Fixed Term Supply Contract is due to end;
- (b) where, after taking all reasonable steps, it is not possible to comply with sub-paragraph 22C.3(a), the licensee must provide the Domestic Customer with a Notice within five Working Days after (but not including) the date the fixed term period of the Fixed Term Supply Contract is due to end;
- (c) ensure that the Notice provided pursuant sub-paragraph 22C.3(a) informs the Domestic Customer that the fixed term period is due to end and what will happen if they do not change supplier, expressly agree a new Domestic Supply Contract or a further fixed term period for a Fixed Term Supply Contract; and
- (d) ensure that the Notice provided pursuant sub-paragraph 22C.3(b) informs the Domestic Customer that the fixed term period has ended and that the Domestic Customer has become subject to an Evergreen Supply Contract.

22C.3A This paragraph applies where a fixed term period of a Fixed Term Supply Contract is due to end on a date which occurs during the period which:

- (a) starts on the date paragraph 22C.2 of standard condition 22C comes into effect; and
- (b) ends on a date which is 59 days after the date paragraph 22C.2 of standard condition 22C comes into effect.

- (b) ensure that the Notice provided pursuant sub-paragraph 22C.4(a) informs the Domestic Customer that the fixed term period is due to end and what will happen

if they do not change supplier, expressly agree a new Domestic Supply Contract or a further fixed term period for a Fixed Term Supply Contract.

22C.4A This paragraph applies where a fixed term period of a Fixed Term Supply Contract is due to end on a date which occurs after the end of the period set out in 22C.3A(a) and (b).

22CA.3 Until the Specified Date, paragraph 22C.5 of standard condition is replaced with:

22C.5 In relation to any Fixed Term Supply Contract, the licensee may only extend the duration of that Contract for a further fixed term period (with or without any changes to other terms and conditions, including the Charges for the Supply of Electricity) if:

(a) the licensee has complied with:

(i) sub-paragraphs 22C.3(a) and 22C.3(c) (as inserted by virtue of paragraph 22CA.1); or

(ii) paragraph 22C.4 (as inserted by virtue of paragraph 22CA.2);

(b) the Domestic Customer has expressly agreed in Writing to the proposed further fixed term period and, where applicable, any proposed changes to other terms and conditions (including the Charges for the Supply of Electricity) in response to the Notice given by the licensee in accordance with:

(c) the duration of the further fixed term period is no longer than the duration of the fixed term period that currently applies to the existing Fixed Term Supply Contract; and

(d) by virtue of the extended duration of the further fixed term period and any changes to other terms and conditions (including the Charges for the Supply of Electricity), the Fixed Term Supply Contract becomes identical to a Tariff which is a Live Fixed Term Tariff.

22CA.4 Until the Specified Date the references to "Relevant Cheapest Evergreen Tariff" in standard condition 22C are to be read as "Evergreen Supply Contract".

Definitions for condition

22CA.5 In this condition, "Specified Date" means on and from 31 March 2014.

8. Insertion of new standard condition 22CB

The text set out below in red constitutes the envisaged drafting in respect of the proposed insertion of condition 22CB in the standard conditions of the electricity supply licence:

Standard Condition 22CB. transitional provisions for certain existing Fixed Term Supply Contracts

22CB.1 For the purposes of this condition a "Transitional Fixed Term Contract" is a Fixed Term Contract which continues to exist on or after the date this condition has effect and:

- (a) which was entered into before 1 May 2013 (and the duration of any terms and conditions were not extended in any way before 15 July 2013); or
- (b) which was available to Domestic Customers before 1 May 2013 and was entered into by a Domestic Customer before 15 July 2013 (and the duration of any terms and conditions were not extended in any way before 15 July 2013); or
- (c) which was entered into before 1 May 2013 and the duration of any terms and conditions of which were extended in any way before 15 July 2013.

22CB.2 Until the Relevant Date, this condition applies to any Transitional Fixed Term Supply Contract and takes precedence over any requirements of any standard conditions set out in paragraph 22CB.3 or otherwise referred to in paragraph 22CB.4.

22CB.3 In respect of a Transitional Fixed Term Contract, the licensee is not required to comply with:

- (a) standard condition 22A;
- (b) standard condition 22B (including provisions which may be incorporated within standard condition 22B by virtue of standard condition 31D); and
- (c) paragraph 22C.9 of standard condition 22C (including for the purposes of paragraphs 22C.13, 22C.13A and 22C.14).

22CB.4 In respect of a Transitional Fixed Term Contract which has different Unit Rates that apply to different levels of consumption, any requirement in a standard condition to use, provide or display information in respect of only one Unit Rate is to be read as a requirement to use, provide or display (as the case may be) information in respect of all of the Unit Rates that apply to different levels of consumption along with information specifying the levels of consumption which apply to each Unit Rate.

22CB.5 The licensee must take all reasonable steps to ensure that Domestic Customers which are subject to a Transitional Fixed Term Contract are not at a significant disadvantage to other Domestic Customers when they:

- (a) seek to evaluate the benefits and costs of the Tariff that applies to their Transitional Fixed Term Contract; and
- (b) consider changing their Tariff or supplier.

Definitions for condition

22CB.6 For the purposes of this condition:

"Relevant Date" means:

(a) in the case of a Transitional Fixed Term Contract which was entered into before 1 May 2013 (and the duration of any terms and conditions were not extended in any way before 15 July 2013) or which was available to Domestic Customers before 1 May 2013 and was entered into by a Domestic Customer before 15 July 2013 (and the duration of any terms and conditions were not extended in any way before 15 July 2013), the date the first fixed term period is scheduled to end (which is a date which occurs on or after the date standard condition 22CB has effect); or

(b) in the case of a Transitional Fixed Term Contract which was entered into before 1 May 2013 and had the duration of any terms and conditions extended in any way before 15 July 2013, the date on or after 15 July 2013 when the first fixed term period is scheduled to end (which is a date which occurs on or after the date standard condition 22CB has effect).

"Transitional Fixed Term Contract" is to be interpreted in accordance with paragraph 22CB.1.

9. Insertion of new standard condition 22D

The text set out below in red constitutes the envisaged drafting in respect of the proposed insertion of condition 22D in the standard conditions of the electricity supply licence:

Standard condition 22D. Dead Tariffs

Prohibition on Dead Tariffs

22D.1 Subject to paragraphs 22D.2 to 22D.22, and without prejudice to a Fixed Term Supply Contract, the licensee must only use (or, where there are any Affiliate Electricity Licensees, the licensee and any Affiliate Electricity Licensees must collectively or individually only use) Live Evergreen Tariffs.

Exception for the withdrawal of Live Evergreen Tariffs

22D.1A Where the licensee wishes to withdraw a Live Evergreen Tariff, the licensee may treat that Live Evergreen Tariff as a Dead Tariff (a "Transitional Dead Tariff") for a period of 49 days (the "Transitional Period") in order to ensure that all the Domestic Customers which are subject to that Transitional Dead Tariff become subject to a Live Evergreen Tariff or Live Fixed Term Tariff.

22D.1B Without prejudice to paragraph 23.6 of standard condition 23 (treating a price increase or variation as ineffective), where the licensee has a Transitional Dead Tariff pursuant to paragraph 22D.1A, the licensee must ensure (in a way that is compatible with standard licence conditions and legislation) that all the Domestic Customers which are subject to that Transitional Dead Tariff become subject to a Live Evergreen or Live Fixed Term Tariff by the end of the Transitional Period.

22D.1C Paragraphs 22D.2 to 22D.22 do not apply in respect of a Transitional Dead Tariff.

Exception to prohibition on Dead Tariffs

22D.2 Subject to paragraphs 22D.5 to 22D.19, where paragraph 22D.3 or 22D.4 applies, the licensee may continue to supply a Domestic Customer using a Dead Tariff which existed before the date paragraph 22D.1 takes effect.

Dead Tariff is already compliant and would be cheaper than or as cheap as Relevant Cheapest Evergreen Tariff

22D.3 This paragraph applies where the Dead Tariff:

- (a) already fully complies with the requirements of standard condition 22A and standard condition 22B (excluding sub-paragraph 22B.2(b)); and
- (b) would be cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer.

Dead Tariff could be changed to become compliant and would be cheaper than or as cheap as Relevant Cheapest Evergreen Tariff

22D.4 This paragraph applies where:

- (a) the licensee has the ability to unilaterally change the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff;
- (b) the licensee will be able to ensure that the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff ~~is~~ are unilaterally changed to fully comply with the requirements of standard condition 22A and standard condition 22B (excluding sub-paragraph 22B.2(b)) in a manner which seeks to ensure that:
 - (i) any changes to the terms and conditions are the minimum necessary to achieve full compliance; and
 - (ii) the terms and conditions are as similar as possible to the terms and conditions which currently apply in respect of the Dead Tariff; and
- (c) if, in the event the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff were changed to fully comply with the requirements of standard condition 22A and standard condition 22B (excluding sub-paragraph 22B.2(b)) in the manner described in sub-paragraph 22D.4(b), the licensee will be able to ensure that the Dead Tariff remains a single Tariff and is not subdivided into two or more Tariffs; and
- (d) if, in the event the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff were changed to fully comply with the requirements of standard condition 22A and standard condition 22B (excluding sub-paragraph 22B.2(b)) in the manner described in sub-paragraph 22D.4(b), the Dead Tariff would be cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer.

Requirements to change the terms and conditions that apply to a Dead Tariff and give Notice to Domestic Customers

22D.5 Where pursuant to paragraph 22D.2 the licensee has decided to continue to supply a particular Domestic Customer using a Dead Tariff, and it is necessary for the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff to be changed to fully comply with the requirements of standard condition 22A and standard condition 22B (excluding sub-paragraph 22B.2(b)), it must during the Dead Tariffs Window:

- (a) ensure that the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are unilaterally changed to fully comply with the requirements of standard condition 22A and standard condition 22B (excluding sub-paragraph 22B.2(b)) in the manner described in sub-paragraph 22D.4(b);
- (b) ensure that, by changing the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff to fully comply with the requirements of standard condition 22A and standard condition 22B (excluding sub-paragraph 22B.2(b)), the Dead Tariff remains a single Tariff and is not subdivided into two or more Tariffs;

- (c) ensure that the particular Domestic Customer is given a Notice at least 30 days in advance of the date the changes to the Dead Tariff are due to take effect which:
- (i) without prejudice to SLC 22D Exempt Information, does not include any other information and is not to be provided in conjunction with any other information, including (but not limited to) a Bill, statement of account or marketing material;
 - (ii) contains a prominent title which clearly highlights that the Notice relates to changes to the Domestic Customer's Dead Tariff;
 - (iii) sets out the changes to terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff which are taking place in a manner which compares the changes with the terms and conditions which currently apply in respect of the Dead Tariff (showing any Charges for the Supply of Electricity and any other charges inclusive of value added tax at the applicable rate);
 - (iv) sets out the main reasons for why the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are taking place;
 - (v) includes the following statement, presented in a manner which is readily distinguishable from the other text presented in the Notice: "Remember – it might be worth thinking about switching your tariff or supplier";
 - (vi) sets out the date the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are due to take effect;
 - (vii) informs the Domestic Customer that he may end the Domestic Supply Contract if the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are unacceptable to him by changing his Electricity Supplier or entering into a new contract with his Electricity Supplier;
 - (viii) informs the Domestic Customer where he may obtain impartial advice and information about changing his Electricity Supplier;
 - (ix) informs the Domestic Customer that where he has any Outstanding Charges, his Electricity Supplier may be able to prevent a Proposed Supply Transfer;
 - (x) explains the effect of paragraphs 22D.12 to 22D.15 in terms of how the Domestic Customer may be able to take steps to avoid the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff (including by indicating that the Domestic Customer would need to enter into a new contract with either his Electricity Supplier or another Electricity Supplier as soon as possible to facilitate this process);
 - (xi) informs the Domestic Customer of their Tariff Comparison Rate for the Dead Tariff (in respect of the Dead Tariff that would apply after the changes are due to be made);
 - (xii) where the licensee is increasing the Charges for the Supply of Electricity for the Dead Tariff by increasing any Unit Rate or Standing Charge (including, where applicable, where the licensee is making any reduction in the amount of a

Discount which is applied to a Unit Rate or Standing Charge), must provide the Domestic Customer with the following information:

- (1) their Estimated Annual Costs using their current Charges for the Supply of Electricity;
- (2) their Estimated Annual Costs using the new Charges for the Supply of Electricity; and
- (3) the amount in pounds sterling of the difference between (1) and (2);

(xiii) informs the Domestic Customer of the following information:

- (1) the Exact Tariff Name for the Tariff that applies to the Domestic Customer; and
- (2) the Exact Payment Method that applies to the Domestic Customer;

(xiv) must inform the Domestic Customer of:

- (1) the Exact Tariff Name of their Relevant Cheapest Tariff and their Estimated Annual Savings; and
- (2) the Exact Tariff Name of their Alternative Cheapest Tariff and their Estimated Annual Savings; and

(xv) where the licensee is increasing the Charges for the Supply of Electricity of the Dead Tariff by increasing any Unit Rate or Standing Charge (including, where applicable, where the licensee is making any reduction in the amount of a Discount which is applied to a Unit Rate or Standing Charge), must inform the Domestic Customer of his Annual Consumption Details and display that information in kilowatt hours under a title which clearly highlights that the information relates to the Domestic Customer's estimated annual consumption;

(xvi) in close proximity to the information required by sub-paragraph 22D.5(c)(xii), must include a brief statement explaining what is included in the Estimated Annual Costs, including, but not limited to, value added tax (and, where the Domestic Customer is subject to a Warm Home Discount, the licensee may also include a brief statement to the effect that a Warm Home Discount is not included);

(xvii) in close proximity to the information required by sub-paragraph 22D.5(c)(iii), must include a statement to the effect that value added tax (at the applicable rate) is included in any Charges for the Supply of Electricity and any other charges which are subject to value added tax and that this may be different to the way such charges are displayed on a Bill or statement of account;

(xviii) contains, in a separate part of the Notice, the Principal Terms of:

- (1) the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the original Dead Tariff; and
- (2) the Evergreen Supply Contract (or, as the case may be, Deemed Contract) for the Dead Tariff (in respect of the Dead Tariff that would apply after the changes are due to be made).

Requirements to ensure Domestic Customers become subject to the Relevant Cheapest Evergreen Tariff

22D.6 Unless paragraph 22D.8 applies, where the licensee has decided not to continue to supply a Domestic Customer using a Dead Tariff or is unable to do so by virtue of a requirement of this condition, it must ensure during the Dead Tariffs Window, in a way that is compatible with standard licence conditions and legislation, that the Domestic Customer becomes subject to the licensee's Relevant Cheapest Evergreen Tariff.

Annual reassessment of Dead Tariffs

22D.7 Where pursuant to paragraph 22D.2, the licensee has decided to continue to supply a Domestic Customer using a Dead Tariff, it must:

- (a) reassess each year during the Annual Assessment Period whether the Dead Tariff is cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer; and
- (b) only continue to supply the Domestic Customer using the Dead Tariff if that Tariff is cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer.

22D.8 Where pursuant to paragraph 22D.7, the licensee is unable to continue to supply the Domestic Customer using the Dead Tariff or otherwise does not wish to continue to supply the Domestic Customer using the Dead Tariff, the licensee must ensure, in a way that is compatible with standard licence conditions and legislation, that the Domestic Customer becomes subject to the licensee's Relevant Cheapest Evergreen Tariff on or before the Completion Date.

Notification requirements where Domestic Customers are to become subject to the Relevant Cheapest Evergreen Tariff

22D.9 Subject to paragraph 22D.10, where the licensee has decided to not continue to supply a Domestic Customer using a Dead Tariff or is unable to do so by virtue of a requirement of this condition, it must ensure that, no earlier than 49 days and no later than 42 days before the Domestic Customer is due to become subject to the licensee's Relevant Cheapest Evergreen Tariff, the particular Domestic Customer is given a Notice which:

- (a) complies with any direction issued pursuant to paragraph 22D.18;
- (b) contains a prominent title which clearly highlights that the Notice relates to ensuring that the Domestic Customer will become subject to the licensee's Relevant Cheapest Evergreen Tariff, and where applicable, that the licensee is changing the terms and conditions of the Dead Tariff;
- (c) sets out the date the Domestic Customer is due to become subject to the licensee's Relevant Cheapest Evergreen Tariff;
- (d) includes the following statement, presented in a manner which is readily distinguishable from the other text presented in the Notice: "Remember – it might be worth thinking about switching your tariff or supplier";
- (e) where the supplier has the ability to make unilateral changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff and, in order to ensure that the Domestic

Customer would become subject to their Relevant Cheapest Evergreen Tariff, is changing those terms and conditions to ensure that they are the same as the Relevant Cheapest Evergreen Tariff, provides the following information:

- (i) the changes to terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff which are taking place in a manner which compares the changes with the terms and conditions which currently apply in respect of the Dead Tariff (showing any Charges for the Supply of Electricity and any other charges inclusive of value added tax at the applicable rate);
- (ii) the main reasons for why the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are taking place;
- (iii) a statement to the effect that the Domestic Customer may end the Domestic Supply Contract if the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are unacceptable to him by changing his Electricity Supplier or entering into a new contract with his Electricity Supplier;
- (iv) where the licensee is increasing the Charges for the Supply of Electricity for the Dead Tariff by increasing any Unit Rate or Standing Charge (including, where applicable, where the licensee is making any reduction in the amount of a Discount which is applied to a Unit Rate or Standing Charge), the:
 - (1) Domestic Customer's Estimated Annual Costs using their current Charges for the Supply of Electricity;
 - (2) Domestic Customer's Estimated Annual Costs using the new Charges for the Supply of Electricity; and
 - (3) amount in pounds sterling of the difference between (1) and (2);
- (v) where the licensee is increasing the Charges for the Supply of Electricity of the Dead Tariff by increasing any Unit Rate or Standing Charge (including, where applicable, where the licensee is making any reduction in the amount of a Discount which is applied to a Unit Rate or Standing Charge), the Domestic Customer's Annual Consumption Details displayed in kilowatt hours under a title which clearly highlights that the information relates to the Domestic Customer's estimated annual consumption; and
- (vi) in close proximity to the information required by sub-paragraph 22D.9(e)(iv), a brief statement explaining what is included in the Estimated Annual Costs, including, but not limited to, value added tax (and, where the Domestic Customer is subject to a Warm Home Discount, the Notice may also include a brief statement to the effect that a Warm Home Discount is not included);
- (vii) in close proximity to the information required by sub-paragraph 22D.9(e)(i), must include a statement to the effect that value added tax (at the applicable rate) is included in any Charges for the Supply of Electricity and any other charges which are subject to value added tax and that this may be different to the way such charges are displayed on a Bill or statement of account;

- (f) where the licensee is terminating the Evergreen Supply Contract that is subject to a Dead Tariff in order to ensure that the Domestic Customer would become subject to their Relevant Cheapest Evergreen Tariff on the basis of a Deemed Contract (in the event that the Domestic Customer continued to consume electricity), provides the following information:
- (i) a statement to the effect that the licensee is terminating the Evergreen Supply Contract that is subject to the Dead Tariff so that the Domestic Customer will become subject to the licensee's Relevant Cheapest Evergreen Tariff;
 - (ii) the date the Evergreen Supply Contract that is subject to the Dead Tariff is due to be terminated;

 - (iv) contains a statement to the effect that the Domestic Customer may be able to avoid becoming subject to 22D Relevant Cheapest Evergreen Tariff on the basis of a Deemed Contract (in the event that the Domestic Customer continued to consume electricity) by changing his Electricity Supplier or entering into a new contract with his Electricity Supplier; and
 - (v) the Exact Tariff Name of the Domestic Customer's Relevant Cheapest Tariff and their Estimated Annual Savings; and
 - (vi) the Exact Tariff Name of the Domestic Customer's Alternative Cheapest Tariff and their Estimated Annual Savings; and
- (g) informs the Domestic Customer where he may obtain impartial advice and information about changing his Electricity Supplier;
- (h) informs the Domestic Customer that where he has any Outstanding Charges, his Electricity Supplier may be able to prevent a Proposed Supply Transfer;
- (i) explains the effect of paragraphs 22D.12 to 22D.15 in terms of how the Domestic Customer may be able to take steps to avoid becoming subject to the licensee's Relevant Cheapest Evergreen Tariff (including by indicating that the Domestic Customer would need to enter into a new contract with either his Electricity Supplier or another Electricity Supplier as soon as possible to facilitate this process);
- (j) informs the Domestic Customer of their Tariff Comparison Rate for the Relevant Cheapest Evergreen Tariff;
- (k) contains, in a separate part of the Notice, the Principal Terms of the:
- (i) Evergreen Supply Contract (or, as the case may be Deemed Contract) that is subject to the Dead Tariff; and
 - (ii) Evergreen Supply Contract (or, as the case may be Deemed Contract) for the Relevant Cheapest Evergreen Tariff; and
- (l) contains the SLC 22D Supplier and Customer Information.

Exception for notification requirements

22D.10 Paragraph 22D.9 does not apply where, in order to ensure that the Domestic Customer is no longer subject to a Dead Tariff, the licensee has:

- (a) entered into a new Domestic Supply Contract with a Domestic Customer; or
- (b) has agreed a mutual variation with a Domestic Customer (in accordance with standard condition 23A).

Requirements for Deemed Contracts

22D.11 Where the licensee is terminating the Evergreen Supply Contract that is subject to a Dead Tariff in order to ensure that the Domestic Customer would become subject to their Relevant Cheapest Evergreen Tariff on the basis of a Deemed Contract (in the event that the Domestic Customer continued to consume electricity), the licensee must ensure that the terms and conditions of the Deemed Contract are the same as the Evergreen Supply Contract for the Relevant Cheapest Evergreen Tariff (excluding any terms and conditions of the Deemed Contract (other than the Charges for the Supply of Electricity) which are different because of an express prohibition or express requirement contained in a standard licence condition).

Continuation of Dead Tariffs for interim period

11. Insertion of new standard condition 22F

The text set out below in red constitutes the envisaged drafting in respect of the proposed insertion of condition 22F in the standard conditions of the electricity supply licence:

Standard Condition 22F. Bespoke Heating System Arrangements

22F.1 For the purposes of this condition a “Bespoke Heating System Arrangement” is a contractual arrangement (or, where applicable, part of a contractual arrangement) in respect of a Domestic Supply Contract or a Deemed Contract which only relates to an Electrical Heating System.

22F.2 This condition applies to any Domestic Supply Contract or a Deemed Contract which incorporates a Bespoke Heating System Arrangement and takes precedence over any requirements of any standard conditions set out in paragraph 22F.3 or otherwise referred to in paragraphs 22F.4 to 22F.10.

- (a) not prohibiting any situation whereby a Domestic Customer is subject to two different Unit Rates in respect of the same period of time solely on the basis that:
 - (i) one Unit Rate applies to a Bespoke Heating System Arrangement; and
 - (ii) the other Unit Rate applies to a supply of electricity to premises (or part of premises) which does not relate to a Bespoke Heating System Arrangement; and
- (b) still prohibiting any Unit Rate or Unit Rates that vary by the level of consumption;

22F.5 In respect of a Domestic Supply Contract or a Deemed Contract which incorporates a Bespoke Heating System Arrangement but does not solely relate to a

Bespoke Heating System Arrangement, the requirement in paragraph 22B.2(a) of standard condition 22B in respect of the licensee only supplying Domestic Premises on the basis of one particular metering arrangement, is to be read as permitting:

- (a) one metering arrangement to be used in respect of the Bespoke Heating System Arrangement; and
- (b) one metering arrangement (which may be different to the metering arrangement used for the purposes of sub-paragraph 22F.5(a)) to be used in respect of the supply of electricity to premises (or part of premises) which does not relate to the Bespoke Heating System Arrangement.

22F.6 In respect of a Domestic Supply Contract or a Deemed Contract which incorporates a Bespoke Heating System Arrangement but does not solely relate to a Bespoke Heating System Arrangement, any requirement in a standard condition to provide or display information in respect of a Unit Rate or Unit Rates is to be read as a requirement to provide or display (as the case may be) information in respect of all of the Unit Rates that apply to the Domestic Customer's premises along with information specifying which Unit Rate or Unit Rates apply to the Bespoke Heating System Arrangement and which Unit Rate or Unit Rates apply to the supply of electricity to premises (or part of premises) which does not relate to the Bespoke Heating System Arrangement.

22F.7 In respect of a Domestic Supply Contract or a Deemed Contract which incorporates a Bespoke Heating System Arrangement and which has two Exact Tariff Names, any requirement in a standard condition to provide or display an Exact Tariff Name is to be read as a requirement to provide or display (as the case may be) both Exact Tariff Names.

22F.8 In respect of a Domestic Supply Contract or a Deemed Contract which incorporates a Bespoke Heating System Arrangement but does not solely relate to a Bespoke Heating System Arrangement, any requirement in a standard condition to provide or display:

- (a) Relevant Cheapest Tariff information and/or Alternative Cheapest Tariff information ("Cheapest Tariff Information"), is to be read as a requirement to provide or display (as the case may be) the Cheapest Tariff Information in respect of the Bespoke Heating System Arrangement and the other part of the Domestic Supply Contract or Deemed Contract which applies to the same Domestic Premises combined;
- (b) a Tariff Information Label, is to be read as a requirement to provide or display (as the case may be) a single Tariff Information Label which incorporates the applicable information in respect of both the Bespoke Heating System Arrangement and the other part of the Domestic Supply Contract or Deemed Contract which applies to the same Domestic Premises;
- (c) information about a Tariff on a Bill, statement of account or Annual Statement, is to be read as a requirement to provide or display (as the case may be) the information in a manner which incorporates the applicable information in respect of both the Bespoke Heating System Arrangement and the other part of the Domestic Supply Contract or Deemed Contract which applies to the same Domestic Premises.

22F.9 In respect of a Bespoke Heating System Arrangement which involves the use of more than one Standing Charge:

- (a) the references to the word "Standing Charge" in the definition of "Relevant Standing Charge" are to be read as "Standing Charges";
- (b) any requirement in a standard condition to use, provide or display information in respect of a Standing Charge is to be read as a requirement to use, provide or display (as the case may be) information in respect of all of the Standing Charges that apply along with information specifying what each Standing Charge applies to.

22F.10 In respect of a Bespoke Heating System Arrangement which involves the use of more than one Electricity Meter, the references to the word "Meter" in the definitions of "Alternative Cheapest Tariff", "Relevant Cheapest Tariff" and "Relevant Cheapest Evergreen Tariff" are to be read as "Meters".

22F.11 The licensee must take all reasonable steps to ensure that Domestic Customers which are subject to a Bespoke Heating System Arrangement are not at a significant disadvantage to other Domestic Customers when they:

- (a) seek to evaluate the benefits and costs of the Tariff that applies to their Bespoke Heating System Arrangement; and
- (b) consider changing their Tariff or supplier.

Power to direct the use of the Tariff Comparison Rate in respect of Bespoke Heating System Arrangements

22F.12 Subject to paragraph 22F.13, the licensee must comply with any directions relating to TCR Matters which, following consultation, the Authority may issue and may from time to time revise (following further consultation).

Glossary

kWh (kilowatt hour) – one kilowatt of power being used for one hour. It's the same as a 40-watt light bulb being left on for 25 hours. Also known as a 'unit' of energy.

Personal projection – this is based on your actual consumption and is a projection of your future yearly charge. You could compare the personal projection for your current tariff with a personal projection given to you for an alternative tariff by your current supplier, an alternative supplier or a switching site.

Switch – to change from the current supplier to a different supplier, or to change from the current tariff to a different tariff with the same supplier.

Tariff – the package of charges and conditions that a supplier offers you for providing electricity.

Tariff Comparison Rate (TCR) – TCR is a figure that can be used to compare the price of the tariff you are on against alternative tariffs from your own or other suppliers. The TCR is calculated as the estimated yearly bill, divided by the amount of energy used each year by a typical medium user of electricity. The TCR takes account of any standing charge and the unit rates(s) that make up the tariff. The TCR is not based on your personal consumption and should be used as a guide only.

Standard condition 31B. Tariff Information Label

Tariff Information Label

31B.1 In respect of each of its Tariffs which are Operational, the licensee must prepare and keep up-to-date information (hereafter referred to as the "Tariff Information Label") which:

- (a) is set out in Writing;
- (b) has text which must not be smaller than nine points in size, using the desktop publishing point system;

- (e) contains no other information.

31B.2 Subject to paragraph 31C.6 of standard condition 31C in respect of the Tariff Comparison Rate, where any change or changes will take place that affect the information required to be included on a Tariff Information label, the licensee must take all reasonable steps to ensure that Tariff Information Label is updated on or before the date the change or changes take effect.

Provision and publication of Tariff Information Labels

31B.3 If any Relevant Person requests a copy of any Tariff Information Label, the licensee must provide a Written copy to that person free of charge within 5 days after the day the request was received or as soon as reasonably practicable thereafter.

31B.5 If the licensee or any Affiliate Licensees have a Website, the licensee may also, in the same position as it publishes each Tariff Information Label pursuant to 31B.4, offer any person the opportunity to obtain Tariff Information Labels that are tailored to that person's individual circumstances or preferences, by allowing that person to enter additional information.

31B.6 Where the licensee or Affiliate Licensee offers a person the opportunity to obtain tailored Tariff Information Labels as provided by paragraph 31B.5 above, the licensee or Affiliate Licensee must include on the same page of the Website a prominent statement to the effect that any person can obtain a Tariff Information Label by entering no more information than their address or postcode.

31B.8 Subject to paragraph 31B.9 and Schedule 1 to standard condition 31B, the information which is required by virtue of Schedule 1 to standard condition 31B does not require the licensee to provide details of TIL Estimated Annual Costs for:

- (a) a Time of Use Tariff; and
