Project code:	NGETEN01	Question Number	15
Question date	20/08/13	Answer date	22/08/13
Submission section question relates to	MSB - Full Submission Pro-forma – Section 6.1, Page 26		
Topic	Project Readiness		
Question	How will NGET ensure that they have sufficient resources to commit to this project?		
Notes on question			
Answer	<p>The project has been through all the necessary levels of governance within National Grid to agree the commitment and resources required for the delivery of the project. It has been signed off by the National Grid Transmission Executive Committee (TEC), which is the highest level of approval within the company. TEC has agreed that subject to the success of this NIC funding application, National Grid will ensure the company's contribution and resources be made available to deliver the project.</p>
