Dear Colleague

### **Special Condition AA of the electricity generation licence: corrections**

In accordance with section 11A(2) of the Electricity Act 1989 ("the Act"), the Gas and Electricity Markets Authority ("the Authority") gave notice on 20 November 2013 that it proposed to introduce a new Special Condition AA to the Licence of certain holders of electricity generation licences.<sup>1</sup> On 23 January 2014 in accordance with the powers contained in section 11A(1)(a) of the Act, the Authority made the modifications ("the decision") and set these out, with the decision taking effect from today (21 March 2014).<sup>2</sup>

The text published in the decision contained two minor typographical errors. This letter clarifies these errors.

In Special Condition AA Schedule A paragraph 12 the text refers to "a" licensee rather than "the" licensee. The text should therefore read:

*"Subject to paragraph 15, Where a Trading Agreement is in force between the licensee and an Eligible Supplier, the licensee must provide a quote in response to a qualifying request to trade:"*

In Special Condition AA Schedule B paragraph 5(a) the text refers to "Products" where it should refer to "Product(s)". The text should therefore read:

*"one or more of the Product(s) may be bought and sold on the platform"*

In addition to these typographical errors, the decision notice issued on 23 January 2014 incorrectly stated that the condition would come into effect on 21 March 2013 (the correct date being 21 March 2014).

This letter serves as an addendum to Ofgem's previously published decision and associated notices. No other corrections are made to the licence condition attached to the decision.

Yours faithfully,

**Rachel Fletcher**  
**Interim Senior Partner, Markets**
