

## **The Questionnaire – For customers**

Hello. Thank you for taking the time to complete our questionnaire.

We hope all the questions are clear, but if you have any difficulties please email [connections@ofgem.gov.uk](mailto:connections@ofgem.gov.uk).

Once you have completed the questionnaire please send it back to us to the email address above. You need to return the completed questionnaire to us by 31 July 2014.

After we have read your answers we might want to have a chat with you to understand a bit more. We'll try and do this in August.

### Part 1 - About you

Question	Your response
What is your name?	
What is your position?	
What are your contact details?	

### Part 2 - About your business

Question	Your response

What is the nature of your company's business?	Architectural Design
Why do you need to make new connections to the electricity distribution network?	As part of a development for a Client

What past experience does your business have in getting new connections to the electricity distribution network?	Usually carried out through Electrical Engineer who Consults on larger projects
What areas of the country does your business have facilities in that have required new connections to the electricity distribution network?	North East, mainly Teesside, North Yorkshire and parts of Durham
What type of connections do you make to the distribution network?	Domestic and Commercial

### Part 3 - About how you get a new electricity connections to the local grid.

Question	Your response
Does your business manage the process of getting a connection using your own staff, or do you use a consultant to guide you through the process?	Normally use Ian Carswell Associates, Electrical Engineers
What issues are important for you when getting a connection? Please rank in order of importance, with 1 being the most important and 7 the least important.	<div>2 The cost of connection</div> <div>3 Customer service</div> <div>1 The time it takes to issue a connection quote</div>

	<input type="checkbox"/> 1	The time in which a connection can be made
	<input type="checkbox"/> 2	The certainty around the cost of connection and the timetable for delivery
	<input type="checkbox"/> 4	Ability to offer innovative connection solutions
	<input type="checkbox"/>	Other _____(please specify)
In the past have you had quotes for connection(s) from a range of companies, or solely from the local DNO?	<input type="checkbox"/>	A range of quotes – <u>please go to part 4</u>
Please tick one box.	<input checked="" type="checkbox"/> X	Just a quote from the local DNO – <u>please go to part 5</u>

## Part 4 – About how you choose between a range of quotes.

Question	Your response
You've indicated that you normally receive a range of quotes for connection, both from your local DNO and other independent connection providers. When deciding which quote to accept, what factors do you consider?	
Please rank these factors that you described in the previous question in order of importance to you, with 1	1. 2. 3.

being the most important.	4. 5. Etc.
Please give an indication of who you have tended to award work to.	<p><b>Please tick one box only.</b></p> <p><input type="checkbox"/> Always the DNO</p> <p><input type="checkbox"/> Mainly the DNO</p> <p><input type="checkbox"/> About half and half between the DNO and others</p> <p><input type="checkbox"/> Mainly an ICP or IDNO</p> <p><input type="checkbox"/> Always an ICP or IDNO</p>
What do you think are the risks/problems with using an independent connections provider?	
How has your view on who to award work to changed with experience?	
When would you only seek a quote from the local DNO?	

## Part 5 – About why you chose to use the local DNO

Before engaging with this process, were you aware that you could use a company other than the local DNO to complete your connection?

☐

**Yes**

☒

**No**

What do you think are the benefits in using a company other than the local DNO to provide a connection?

I would assume more competitive costs and I would hope quicker turn around

What do you think are the risks/problems with using an independent connections provider?

Ability to negotiate with DNO

What would need to change in order for you to use a different connections provider?

More information on who can provide such a service

## Part 6 - About how the cost of connections informs the location of new business development

How much opportunity is there for you to freely choose the location of new business developments?

I work for Clients who come to me with a site, I do not get to choose

How big a factor is the cost of connection in your decision on where to locate your business?

Cost is always and issue in terms of a development being cost effective

## Part 7- Other comments

The questions we've asked are designed for you to give us important information for our review. We'd also welcome any other comments about the market for new electricity connections, or problems you've experienced.
