

The Questionnaire – For customers

Hello. Thank you for taking the time to complete our questionnaire.

We hope all the questions are clear, but if you have any difficulties please email connections@ofgem.gov.uk.

Once you have completed the questionnaire please send it back to us to the email address above. You need to return the completed questionnaire to us by 31 July 2014.

After we have read your answers we might want to have a chat with you to understand a bit more. We'll try and do this in August.

How has your view on who to award work to changed with experience?	
When would you only seek a quote from the local DNO?	

Part 5 – About why you chose to use the local DNO

Before engaging with this process, were you aware that you could use a company other than the local DNO to complete your connection?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
What do you think are the benefits in using a company other than the local DNO to provide a connection?	Know the area and visit site easily
What do you think are the risks/problems with using an independent connections provider?	Have they enough staff to provide a seamless service?
What would need to change in order for you to use a different connections provider?	More information required about the companies

Part 6 - About how the cost of connections informs the location of new business development

How much opportunity is there for you to freely choose the location of new business developments?	Very little – would only advise a client not to use a site if there were issues
How big a factor is the cost of connection in your decision on where to locate your business?	Not an issue for us being the 'middle man' as we would obtain any costs upfront from the client.

Part 7- Other comments

The questions we've asked are designed for you to give us important information for our review. We'd also welcome any other comments about the market for new electricity connections, or problems you've experienced.

Lack of communication – i.e. updates would be useful on how things are progressing.
