

The Questionnaire – For customers

Hello. Thank you for taking the time to complete our questionnaire.

We hope all the questions are clear, but if you have any difficulties please email connections@ofgem.gov.uk.

Once you have completed the questionnaire please send it back to us to the email address above. You need to return the completed questionnaire to us by 31 July 2014.

After we have read your answers we might want to have a chat with you to understand a bit more. We'll try and do this in August.

	<input type="checkbox"/> 7 The time in which a connection can be made <input type="checkbox"/> 6 The certainty around the cost of connection and the timetable for delivery <input type="checkbox"/> 5 Ability to offer innovative connection solutions <input type="checkbox"/> Other _____(please specify)
In the past have you had quotes for connection(s) from a range of companies, or solely from the local DNO? Please tick one box.	<input type="checkbox"/> A range of quotes – <u>please go to part 4</u> <input checked="" type="checkbox"/> x Just a quote from the local DNO – <u>please go to part 5</u>

Part 4 – About how you choose between a range of quotes.

Question	Your response
You've indicated that you normally receive a range of quotes for connection, both from your local DNO and other independent connection providers. When deciding which quote to accept, what factors do you consider?	
Please rank these factors that you described in the previous question in order of importance to you, with 1	1. 2. 3.

being the most important.	4. 5. Etc.
Please give an indication of who you have tended to award work to.	<p>Please tick one box only.</p> <p><input checked="checked" type="checkbox"/> Always the DNO</p> <p><input type="checkbox"/> Mainly the DNO</p> <p><input type="checkbox"/> About half and half between the DNO and others</p> <p><input type="checkbox"/> Mainly an ICP or IDNO</p> <p><input type="checkbox"/> Always an ICP or IDNO</p>
What do you think are the risks/problems with using an independent connections provider?	Delays and expense
How has your view on who to award work to changed with experience?	Not informed there was an alternative and concern about further many weeks delays.
When would you only seek a quote from the local DNO?	

Part 5 – About why you chose to use the local DNO

Before engaging with this process, were you aware that you could use a company other than the local DNO to complete your connection?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
What do you think are the benefits in using a company other than the local DNO to provide a connection?	Not aware
What do you think are the risks/problems with using an independent connections provider?	Possibly more expensive and time consuming
What would need to change in order for you to use a different connections provider?	Be informed of competitive company that could undertake the works in less time.

Part 6 - About how the cost of connections informs the location of new business development

How much opportunity is there for you to freely choose the location of new business developments?	Moderate.
How big a factor is the cost of connection in your decision on where to locate your business?	Moderate

Part 7- Other comments

The questions we've asked are designed for you to give us important information for our review. We'd also welcome any other comments about the market for new electricity connections, or problems you've experienced.

Generally the application and planning takes far too long ,the quotes could be emailed and confirmed and payed by Debit Card . The quotes are generally very expensive for the actual time and materials used in connections and any unusual extra items are overly expensive.

The lead time from payment to actual connection is far too long.

It is abundantly clear the Contractors do not have enough jointers for the area's covered which inevitably leads to the long delays in getting electricity connected.

I talk to many other Builders and developers and even our new Bank manager knew that it was dreadfully slaow to get site services connected.
