Dear Yvonne

Statutory consultation on proposed licence modifications to the electricity generation licence standard conditions to reflect offshore developments

Thank you for sending us the statutory consultation on proposed licence modifications to the electricity generation licence standard conditions to reflect offshore developments dated 13 June 2014. This response is on behalf of E.ON's Generation Licensees:

- Citigen (London) Limited;
- Enfield Energy Centre Limited;
- E.ON Climate & Renewables UK Humber Wind Limited;
- E.ON Climate & Renewables UK Rampion Offshore Wind Limited; and
- E.ON UK plc.

We have no objections to the Authority's proposal to modify all electricity generation licences by amending the eight standard conditions listed in the notice under section 11A(2) of the Electricity Act 1989 dated 13 June 2014.

Please contact myself if you require any further information from us.

Yours sincerely

Ian Jackson
Regulation and Compliance Manager
