Supplementary Answer Form

Tick if this answer has been provided verbally: ☐

Project code	ENWT206	Question Number	Q8
Question date	31 July 2014	Answer date	4 August 2014
Submission section question relates to	Section 3 Project Business Case		
Topic	Fault level expenditure		
Question	Background, Pg 13 Can further evidence be provided to reference the £156m figure?		
Notes on question			
Answer	<p>All Distribution Network Operators were required to submit their forecast spend for fault level reinforcement as part of the RIIO-ED1 price control review.</p> <p>In March 2014 the DNOs agreed to share the data tables which were part of their submissions. From these tables we have identified the forecast fault level related spend for each DNO for the period from 2015 to 2023.</p> <p>The total forecast spend for all DNOs in RIIO-ED1 was £156 million.</p> <div style="background-color: black; height: 15px; width: 100%;"></div>		

	<div></div> <div></div> <p>In the draft determinations issued by Ofgem on 30 July 2014 they have agreed to fund £148 million, £8 million less than the forecast figure.</p>
