Dear Thomas

Statutory Consultation on our proposal to modify the calculation of the annual incentive revenue allowance under the Transmission Investment for Renewable Generation (TIRG) mechanism.

We welcome the opportunity to respond to the above consultation and add our comments. The proposed modifications to paragraph 3J.7 of Special Condition 3J of the electricity transmission licence make complete sense to us and are happy to see the typographical errors corrected. This will lead to correct calculation of allowed revenue within the TIRG mechanism.

Yours Sincerely

Chris Bennett
