Dear Thomas,

Proposal to modify the calculation of the annual incentive revenue allowance under the Transmission Investment for Renewable Generation (TIRG) mechanism

We welcome Ofgem's proposal to modify SPT's electricity transmission licence to remove typographical errors within Special Condition 3J.

The effect of such alterations should have no impact on policy intent and therefore will only further clarify what the policy intends to achieve as opposed to making any changes to our existing understanding of the TIRG mechanism.

Yours sincerely,

A handwritten signature in cursive script that reads "S. Rogan".
