

Making a positive difference
for energy consumers

Capacity Market Rules Change

Reference number (to be
completed by Ofgem):
P013

Name of Organisation(s) / individual(s):
Energy UK

Date Submitted:
23 January 2015

Type of Change:

- Amendment
- Addition
- Revoke
- Substitution

If applicable, whether you are aware of an
alternative proposal already submitted which
this proposal relates to:
[Click here to enter text.](#)

What the proposal relates to and if applicable, what current provision of Rules the proposal relates to (please state provision number):

Amending Rule 8.5.3 to correct error in the formula for the calculation of the load following capacity obligation.

Description of the issue that the change proposal seeks to address:

There is an error in the formula which could result in incorrect calculation.

If applicable, please state the proposed revised drafting (please highlight the change):

There should be an additional set of brackets around the "min" function: $\sum(AACU_{ij} - SCO_{ij})$.

Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:
