Capacity Market Rules Change

Reference number (to be
completed by Ofgem):
P029

Name of Organisation(s) / individual(s): E.ON	Date Submitted: 23rd January 2015
Type of Change: <input checked="" type="checkbox"/> Amendment <input type="checkbox"/> Addition <input type="checkbox"/> Revoke <input type="checkbox"/> Substitution	If applicable, whether you are aware of an alternative proposal already submitted which this proposal relates to:
What the proposal relates to and if applicable, what current provision of Rules the proposal relates to (please state provision number): The Certificate of Conduct (Exhibit C) currently restricts disclosure of Capacity Market Confidential Information to a very limited group. Notably the CMA and Ofgem are not on the list of parties an Applicant can disclose information to.	
Description of the issue that the change proposal seeks to address: The list of exceptions in part (e) of the Certificate of Conduct (amended by Amendment Rules 1) needs to be reviewed. This list should be very limited but we would suggest Ofgem and the CMA need to be included in this list. As written, a voluntary disclosure of information to Ofgem or the CMA puts an Applicant in breach of this certificate in future.	
If applicable, please state the proposed revised drafting (please highlight the change):	
Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:
