<b>Name of Organisation(s) / individual(s):</b> National Grid Electricity Transmission Ltd	<b>Date Submitted:</b> 23/01/2015
<b>Type of Change:</b>  <input checked="" type="checkbox"/> Amendment  <input type="checkbox"/> Addition  <input type="checkbox"/> Revoke  <input type="checkbox"/> Substitution	<b>If applicable, whether you are aware of an alternative proposal already submitted which this proposal relates to:</b>  No
<b>What the proposal relates to and if applicable, what current provision of Rules the proposal relates to (please state provision number):</b>  Rule 3.8.2 part (b) and (c) cross refer to Rule 3.5 Rule 7.4.3 states that no later than 8 working days after auction results day each bidding CMU should know whether that CMU has been awarded an agreement. Rule 8.5.3 sets out the load following capacity obligation (LFCO) Rule 7.4.5 (b) sets out who the registered holder of the capacity agreement notice is	
<b>Description of the issue that the change proposal seeks to address:</b>  <u>Rule 3.8.2</u> Rule 3.8.2 should cross refer to Rule 3.6  <u>Rule 7.4.3</u> We believe this should that's that the CM register is published on auction results day to be consistent with the requirements of chapter 5.  <u>Rule 8.5.3</u> The formula is incorrect and cites that ALFCO = rather than LFCO =  <u>Rule 7.4.5 (b)</u> The Rules currently states the capacity agreement notice is held by the person to whom the Delivery Body awarded the capacity agreement notice. We believe this should be applicant rather than person.	
<b>If applicable, please state the proposed revised drafting (please highlight the change):</b>  <u>Rule 3.8.2</u> Change 3.5 to 3.6 <u>Rule 7.4.3</u> Review wording a Rule 7.4.3 <u>Rule 8.5.3</u> Revise the formula to state that LFCO = <u>Rule 7.4.5 (b)</u> (b) the name of the Capacity Provider (the "Registered Holder"), being the name of the person Applicant	

to whom the Delivery Body awarded the Capacity Agreement, or, where there has been a subsequent transfer of all or part of that Capacity Agreement, the name of the Transferee;

**Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:**
