Review Schedule 1.

**Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:**

A lot of the content of the Capacity Agreement Notice needlessly replicates the CM Register or contains needless volumes of administrative information. Only information required to identify the CMU, the holder of the obligation and the terms of the obligation should be on the notice. Propose removing the following terms:

1. Bank Details (admin information to be provided to Settlement Body only)
2. MPAN information (not necessary to define the capacity obligation)
3. Type of CMU
4. Registered Address
5. De-Rated Capacity.
