

Making a positive difference
for energy consumers

Capacity Market Rules Change

Reference number (to be
completed by Ofgem):
P071

Name of Organisation(s) / individual(s):
National Grid Electricity Transmission Ltd

Date Submitted:
23/01/2015

Type of Change:

- Amendment
- Addition
- Revoke
- Substitution

If applicable, whether you are aware of an alternative proposal already submitted which this proposal relates to:

No

What the proposal relates to and if applicable, what current provision of Rules the proposal relates to (please state provision number):

Chapter 7 sets out the contents of the CM register

Description of the issue that the change proposal seeks to address:

Assessment of whether all of the information on the CM register is required to be published. For example, Rule 7.6.3, the private register maintained by the delivery body could be replaced with an obligation for the DB to retain such information for a defined number of years.

If applicable, please state the proposed revised drafting (please highlight the change):

Review Chapter 7

Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:

There is a lot of information on the register which is perhaps less useful and distracts from the important information.

Details of Proposer (please include name, telephone number, email and organisation):

James Greenhalgh,
Capacity Mechanism Manager,
National Grid Electricity Transmission,
