This proposal relates to Rules 4.2.3 and 3.3.3 (b) which concern submission of an application or opt-out notification.

Description of the issue that the change proposal seeks to address:

Rule 4.2.3 may contradict 3.3.3 (b). 4.2.3 suggests that if someone submits an Opt-Out then an Application for a CMU the later Application should be considered by the DB. 3.3.3 (b) expressly forbids this though saying that no Application can be submitted after an Opt-Out has been submitted for an Auction.

Clarify Rule 4.2.3 and 3.3.3 (b)

Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:

Any potential conflicts within the Rules should be resolved.
