for energy consumers

Capacity Market Rules Change

Reference number (to be
completed by Ofgem):
P076

Name of Organisation(s) / individual(s):
National Grid Electricity Transmission Ltd

Date Submitted:
23/01/2015

Type of Change:

- Amendment
- Addition
- Revoke
- Substitution

If applicable, whether you are aware of an alternative proposal already submitted which this proposal relates to:

No

What the proposal relates to and if applicable, what current provision of Rules the proposal relates to (please state provision number):

Rule 6.4 sets out the indexation for capacity payments

Description of the issue that the change proposal seeks to address:

The indexation method to be applied by an applicant when determining total project spend against the auction parameters expressed against the 2012 base year is not defined.

If applicable, please state the proposed revised drafting (please highlight the change):

To be developed, but this needs to be defined or the existing indexation provisions for capacity payments in the Regulations need to be applied also to this situation.

Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:

The method needs to be defined to ensure consistency.

Details of Proposer (please include name, telephone number, email and organisation):

James Greenhalgh,
Capacity Mechanism Manager,
