| <p>What the proposal relates to and if applicable, what current provision of Rules the proposal relates to (please state provision number):</p> <p>Rule 7.4: Capacity Market Register: To include in respect of a CMU which pre-qualified as a Refurbishing CMU and which is awarded a capacity agreement , whether that agreement is for the Refurbishing CMU or Pre-Refurbishment CMU.</p> | | |
| <p>Description of the issue that the change proposal seeks to address:</p> <p>With regard to a Refurbishing CMU, the Register only records its Refurbishing status as at the time of pre-qualification and does not record whether a CMU has actually been awarded an agreement as a Refurbishing CMU or an agreement for the Pre-Refurbishment CMU. Hence if a Refurbishing CMU is awarded a 1 year capacity agreement, it cannot be directly determined from the Register whether the agreement is as a Refurbishing or Pre-Refurbishment CMU. A rule change is required to mandate the Delivery Body to include the status of the CMU on the Register after the auction</p> | | |
| <p>If applicable, please state the proposed revised drafting (please highlight the change):</p> | | |
| <p>Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision - including, any potential implications for industry codes:</p> | | |
