

Colin Down  
Smarter Metering  
Ofgem  
9 Millbank  
London  
SW1P 3GE

26 September 2014

Dear Colin,

**EXTENDING THE SMART METER FRAMEWORK FOR DATA ACCESS AND  
PRIVACY TO REMOTE ACCESS METERS**

Thank you for the opportunity to respond to the above consultation.

We offer no further comment, other than to reiterate the broad support for these proposals that we expressed in our response to Ofgem's February consultation. With regard to the specific draft changes to the gas and electricity supply licences, in our view these appear to deliver the intents expressed in the consultation document.

Should you wish to discuss any aspect of this response please do not hesitate to contact me or David Ross Scott ([davidross.scott@scottishpower.com](mailto:davidross.scott@scottishpower.com)).

Yours sincerely,

**Rupert Steele**  
Director of Regulation
