Dear Andy,

Version two of the Network Innovation Allowance (NIA) and Network Innovation Competition (NIC) Governance Documents

Thank you for the opportunity to respond to these consultations. We are pleased to see that the changes Ofgem proposed through an earlier consultation to assist clarity have been incorporated into v2 of both Governance Documents.

We have no representations or objections to the proposals at this point in time. However we have separately identified a few minor inconsistencies and formatting errors which we understand you will address before the next NIA and NIC Governance Documents are issued.

Yours sincerely,

A handwritten signature in cursive script that reads "Sarah Walls".
