- 20.9 The licensee must ensure that arrangements are in place which are effective in restricting access by persons engaged in the management or operation of any of the Relevant Other Competitive Businesses to:
- (a) any part of any premises which is occupied by persons engaged in the management or operation of the licensee; or

- (c) to persons engaged in the provision of Shared Services, to the extent necessary to allow them to carry out their respective functions;
- (d) which is required by any requirement of law or regulation, or the rules of any governmental or regulatory authority having jurisdiction over the licensee; or
- (e) where the licensee has obtained prior written consent for such disclosure from the owner(s) of such Relevant System Planning Information, provided that the extent of such disclosure is consistent with the consent obtained.

2O.14 The licensee must ensure that any Relevant System Planning Information received, disclosure of which would in the view of the owner(s) of the information affect their commercial interests, is treated as confidential. Any disclosure of such information must comply with paragraphs 2O.12 and 2O.13.

2O.17 Following the Authority’s approval of the documents provided for in paragraph 2O.15, the licensee must:

- (a) unless the Authority otherwise consents or directs, at all times comply with the terms of the approved compliance statement, or any revisions of it; and
- (b) at least every 12 months, or at such other interval as the Authority may direct, review these documents and revise them as necessary, including when circumstances change such that the documents no longer secure compliance with paragraphs 2O.4 and 2O.5, to ensure that they continue to be complete and accurate in all material respects. The licensee must submit any revisions made to these documents to the Authority. Any revisions of these documents will only become effective once the Authority has approved them, in accordance with paragraph 2O.16.
